

# AutoDrain

Experts in vehicle depollution and fuel recovery

## Fluid Storage

Purpose built storage tanks of quality construction.

Solutions for storing fluids

- Provides safe storage for waste oil and coolant that has been removed from End of Life Vehicles.
- A range of cost effective standard sizes are available, but bespoke tanks can be supplied to any size.
- Robust steel construction for a long service life.
- Fully compliant with all HSE and Environment Agency regulated legislation.
- Suction emptying connection fitted
- Integrally bunded - no separate bund required
- Optional extras include overfill, low level alarms, colour coded paint finishes, dispensing pumps and meters.

Call us on 0113 2059 332 and we can discuss your specific requirements or any depollution issues.
