XtractR Recovery Kit

High and low pressure couplings

Connection hoses

Gas bottles

Fluoroelastomer gloves

Scales

Fgas Waste Disposal

Let us take the hassle out of your fgas refrigerant disposal.

It is a legal requirement to safely dispose of hazardous refrigerant waste from ELV vehicles after dismantling.

We can do it for you... Make Fgas recycling easy. Make sure that you are fully compliant with current legislation.

F Gas Training

Training is vital to ensure that you maximise the profitability and longevity of your Air Con Kit:

Certificated F Gas training at our own IMI accredited training centre
