

AutoDrain

Experts in vehicle depollution and fuel recovery

Coolant Suction Mobile

Quickly and safely removes coolant from
End of Life Vehicles

Simple and Effective

Designed to quickly extract coolant from vehicles.

Equipped with a coolant spike to puncture radiator hoses and multiple ways to access cooling systems with flexible probes, Coolant Mobile is fast, simple and effective.

Features

The robust steel construction and heavy duty wheels mean the unit provides you with a long service life.

External level gauge allows quick and easy viewing of contents.

Tool tray, tool holder and probe kit included.

120 litre capacity means less time spent emptying the unit, increasing productivity.

Huge 120 litre capacity

Means
you can
empty
less often
