

AutoDrain

Experts in vehicle depollution and fuel recovery

Oil Suction Mobile

Quickly and safely extracts waste oil from
End of Life Vehicles

Simple and Effective

Designed to quickly extract oil and power steering fluid from End of Life vehicles.

Provides an effective solution to compliance with depollution regulations.

The robust steel construction and heavy duty wheels mean the unit provides you with a long service life.

External level indicator for ease of use.

Supplied with flexible metal probes and adaptors.

Large 120 litre capacity means less time spent emptying the unit, increasing productivity.

Huge 120 litre capacity

Means
you can
empty
less often
