

Fixed Fuel Scavenger

Releasing the liquid gold from within your vehicles

Selling vehicles full of fuel could be costing you over £50,000 a year!

The picture shows a two-fuel model which includes two water separators. Model type may vary.

>> **Huge cost saving and money making opportunity**

The Scavenger system allows you to remove clean petrol and diesel from vehicles prior to vehicle sale – you can then re-use the fuel or store for future use.

>> **Simple, safe and easy to use**

The Scavenger complies with all current legislation, is compressed air operated and allows you to retrieve precious and very expensive fuel safely and easily.

>> **Ultra-versatile - works with all makes and models of vehicles**

With its unique AutoDrain connectivity system you can retrieve fuel from a vast range of vehicles.

>> **Fast retrieval saves you time and money**

The fixed fuel scavenger can retrieve up to 50 litres of petrol in less than five minutes.

Return on Investment in first 12 months!

Type of Vehicle	No. Disposed per year	Tank capacity	Pump price	Lost revenue
Transit	500	80ltrs	£1.45/ltr	£58,000
HGV	100	100ltrs	£1.45/ltr	£14,500
Astra	400	50ltrs	£1.45/ltr	£29,000
Total vehicles	1000			£101,500

Each time you sell or dispose of a vehicle which still contains fuel you are literally giving away a huge source of profit for your company!

So, if you own or manage a fleet of vehicles call AutoDrain today to see just how much money you can save by extracting precious fuel from your vehicles.

Fixed Fuel Scavenger

Releasing the liquid gold from within your vehicles

The Fixed Fuel Scavenger is just one part of AutoDrain's range of fuel recovery products. High Volume vehicle sales companies can also consider fuel storage tanks, connectivity packs, recovery meters to accurately measure fuel retrieved and re-dispensed, hose reels and water separation units.

Fully HSE and ATEX Compliant

Recovery meters

Water separators

Training

Training is vital to ensure you maximise the profitability and longevity of your Fixed Fuel Scavenger and we have the following training options for you:

- 1 Free Online Training Information and Video
- 2 Certificated Training at our own ATF facility at Head Office, Leeds – price on application
- 3 Certificated Training on your site – price on application

Watch our video at www.autodrain.net to see how easily the Fixed Fuel Scavenger retrieves valuable fuel from your vehicles.

What we have seen
In one of our clients' car hire depots, they have been extracting over one thousand litres of fuel per week from their vehicles prior to selling them on. This equates to a saving of over £75,000 per year...and that was from just one of their depots!

The Fixed Fuel Scavenger is manufactured and installed to meet the specific requirements of your business and we will be delighted to discuss with you the size of your fleet, the type of fuel retrieval you are looking for, vehicle sales volume and your storage and extraction requirements.
