

Oil Gravity Drainer

Safely and effectively drains waste oil from End of Life Vehicles

Huge 120 litre capacity means emptying less often!

>> Simple and effective

- Provides a low cost solution to compliance with depollution regulations
- Can be converted for use in higher volume depollution bays or used as supplied
- Deals with both engine oil and gearbox oil

>> Packed with useful features

- Offset bowl for easier draining
- Height adjustable mast and reinforced neck
- Tool tray
- Large 120 litre capacity means less time spent emptying the unit
- Filter at the base of bowl to prevent debris getting into the unit

Height adjustable mast for ease of draining

Training

Training is vital to ensure you maximise the profitability and longevity of your Oil Gravity Drainer and we have the following training options available for you:

- 1 Free online training information and video
- 2 Certificated training at our own ATF In Leeds- price on application
- 3 Training on your site- price on application

Specifications:

120 litre capacity
Level indicator
Weight 33kg
H 1068 x L 650 x W 500
Low pressure air discharge

So if you want a compact, efficient and fully compliant machine for waste oil, you need AutoDrain's Oil Gravity Unit.
